Eugene 'Gene' Larabie P. Eng - President, Director

Mr. Larabie has 52 years experience in the mining industry. He graduated from Haileybury School of Mines in 1957, and is a member of the Professional Engineers Association of the Provinces of Ontario & British Columbia, Canada. In 1980-88 Gene became manager and later President/Director of Dankoe Mines Ltd. While serving as President of Curion Venture Corp., a Canadian smallcap stock, he entered into a joint venture to explore for gold in Honduras. The joint venture was successful in bringing a gold property to feasibility and was sold to Glamis Gold, which is presently operating the mine very successfully. He formed Laroth Engineering Ltd., a private mining consulting & contracting company, working in mining exploration & underground mining in several Asian countries as well as Central America, U.S., & Canada.
